THIS is a **COLOR WHEEL!**

A **HUE** is the name of a color on the color wheel.

Color the labeled area on the wheels with COLORED PENCILS. You may have to blend two pencil colors to get the correct color.

The most common **COLOR SCHEMES** are listed below. Color the boxes to show the schemes.

Primary:

I can make all the other colors by mixing different amounts of these primary colors.

Secondary:

I can make mix two primary colors to make these secondary colors.

Tertiary:

I can make the 6 tertiary colors by mixing a primary color with its closest secondary color.

Warm:

Yellow and all the colors with red and orange are warm.

Cool:

Violet and all the colors with blue and green are cool.

Complementary:

Complementary colors are opposite colors on the color wheel.

Analogous:

Colors right next to each other on the color wheel are analogous.
